

GREETINGS!

Summer 2016

We are Peoples Autism Foundation, and our aim is to provide assistance to educators and caregivers in Southern Nevada who work for the benefit of children and adults on the Autism Spectrum.

During these summer months, our primary focus is to get ready for the upcoming back-to-school season, with emphasis on school supplies for special education classrooms. School teachers in our valley work hard to keep up with the demands of their jobs. And with classroom sizes growing faster than budgets, they often find themselves out-of-pocket for the supplies they need most. That's where we come in. With our Adopt-a-Student School Supply Program, we convert donations from the general public and from businesses here in Southern Nevada into those very supplies that students and educators need most.

You can help by making a contribution today. Choose from any of the following Sponsor Levels.

Adopt-a-Student for \$30

- Choose a specific student you wish to assist, or let us apply your contribution to a student on our roster.
- Peoples Autism Foundation will deliver a pack of essential school supplies directly to a student in need.
- Receive a tax deduction receipt and a Thank You Certificate for your contribution.

Adopt-a-Classroom for \$500

- Choose a specific classroom, or let us choose one for you.
- Peoples Autism Foundation will deliver 20 to 30 packs of supplies directly to a designated CCSD classroom.
